EVENTS

- The last Autotest ran on 23rd June with only 10 entries. The course was set by LS, CF & Stuart Roberts and went very well.
- The next event is on 14th July, LS will be at next event, and the course has been designed by RLJ and posted on Facebook already. Discussion about the route took place with thought being that it will be too fast. LS to check out on the day and amend accordingly.
- LS still waiting for some decent weather to apply another coat of Roofseal to the Portakabin roof, although on checking at the last event there had been no leaks. **ONGOING**
- LS observed a number of potholes appearing on runway surface, once weather improves some tarmac will be obtained and the holes filled. This will take place at the next event on 14th July. GB has already placed a message on Facebook to ask event attendees to help out and bring a shovel and a brush.
- **Catering:** CF spoke to Mel who used to run the catering in the Wicks Car Park but currently she is not able to attend.

Anyone interested ?”*
